The application form consists of 7 sections

- **Section 2 'Personal details'** is populated from our school records and cannot be amended. If you see that your personal details are wrong, please contact Office of Student Affairs at [studentaffairs@nafa.edu.sg](mailto:studentaffairs@nafa.edu.sg) to amend
- **Section 3 'Track Records'** is populated from the CCA portal. You are highly encouraged to add additional track records related to your field of study as this will set you apart from the rest of the applicants (this is optional for Bursary applicants)
- **Section 6 'Upload References'** is only for Scholarship & Merit award applicants. Students who have only selected the bursary category is not required to submit a reference

## Frequently asked questions:

### 1) Is there a time frame for my referee to input my references?

From the moment that you have submitted the application, an email invitation will be sent to your referee. The reference link will expire in 7 days for security reasons.

The below error message will be shown when an expired link is clicked.

#### NAFA OFA - Referee

Online Portal

You may be seeing this page as your invitation link has expired. Please email [faas@nafa.edu.sg](mailto:faas@nafa.edu.sg) for any technical issues.

If your referee did not submit a reference for you within 7 days, you may email [faas@nafa.edu.sg](mailto:faas@nafa.edu.sg) when he/she is ready to request for a re-send of a new link.

Do try to arrange with your referee on when he/she can submit a referral for you as your application will remain marked as 'Pending' until it is complete. You may make use of the 'save draft' function in the application portal so that you can prepare your documents in advance.

### 2) I would like to change my response after submission, can I resubmit again?

You may email [faas@nafa.edu.sg](mailto:faas@nafa.edu.sg) for assistance if you wish to make any other changes after submission.

### 3) I am facing technical difficulties/Portal is slow

Do note that at peak periods such as the last week of application period, traffic may be higher than usual. Kindly do not spam click on a button and allow it to load. **Spam clicking is likely to trigger an error message.** You may also wish to clear your browser's history/cache and try again later. If the error persists, please let the team know of this at [faas@nafa.edu.sg](mailto:faas@nafa.edu.sg) & provide a screenshot. We will look into it as soon as possible.

### 4) I would like to change my referee

Please email us at [faas@nafa.edu.sg](mailto:faas@nafa.edu.sg) and we will change the status of your application to incomplete so that you may re-access it again to change the referee details in section 6.

### 5) How can I check on the status of my application

Applicants who have submitted their application can re-login to the portal to check on their status outcome by clicking on the  icon under the exercise entry on the 'Application Listing' landing page.

### 6) Do I need to attend an interview?

Only shortlisted applicants will be notified for the Scholarship & Merit award categories. There are no interviews for bursary candidates.

**Tip:** Do ensure that your track records are dated within 3-4 years from 2022. Outdated track records will not be considered. Track records not related to your field of study also will not add merit to your application.

**Tip:** Plan ahead earlier and ask for your preferred referee's approval in advance. Avoid waiting until the last minute, as your referee may not be able to cope with so many reference requests. Avoid waiting until the last day & last hour to submit your application. It will be a nerve wracking experience and the portal will be slow due to high traffic.

**Tip:** If you are uploading an existing reference letter, please note that we would prefer updated reference letters within one year from your application date. Outdated references will not add much merit to your application. References which are too outdated will be rejected.

**Tip:** If you face any technical difficulties, you may login to our FAAS team weekly zoom session for direct technical assistance and queries. We will do our best to help with your application problems, however some technical issues may require certain time to resolve with the platform developer.
