

SCHOOL OF INTERDISCIPLINARY ARTS

LEARN HOW INTERDISCIPLINARY PRACTICE CAN IMPACT THE WORLD

WHY INTERDISCIPLINARY ARTS?

For many leaders, the path to greatness came from being multifaceted in their approach, comprehensive in their training, and diversified in their focus. The Faculty of Interdisciplinary Practices, School of Interdisciplinary Arts, is designed to grow your abilities in one domain while you expand your knowledge and skills across fields. You will be guided to think critically and creatively, apply your ideas and know-how as well as innovate in interdisciplinary projects and live environments. You will be challenged to take into consideration different social and cultural perspectives through interdisciplinary collaborations.

Integrate multiple creative practices by combining at least three disciplines from music, theatre, dance, film, art, design, and architecture to engage with contemporary societal issues.

Collaborate with leading experts, scholars, and activists to learn interdisciplinary methods and apply their skills in addressing societal concerns.

Acquire new knowledge and a deeper understanding of how art can foster positive global change, through academic inquiry and sustainable entrepreneurship.
