1) Hi Chuan, thanks for accepting this Father's' Day special interview. Please share with us a little bit on yourself and Peanut!

Chuan -

I'm a 53 year-old dad with a 5 year-old son.

We were both born on the same date, same month, same "year of the horse" and of course, we share the same horoscope too! (Yup, all natural!)

Having a firstborn at an old age is a challenge as you'll need to bid farewell to the decades of a more carefree lifestyle, however it is definitely a great blessing from heaven having him to complete our family!

2) What are some challenges you face as a father?

If you have planned (or are surprised with) a child at old age, make sure you do go to the gym more often when you're young. You'll need that energy!"

- Wise words from Chuan and Angeline who had their first child in 2014.

3) How is Nathan's experience studying at NAFA's Arts Preschool so far?

The preschool is well equipped and offers a holistic curriculum for the students.

Having in-school extra-curriculum classes like 2D Art, 3D Art, Music (keyboard) and Dance classes means family time doesn't have to compete with external enrichment activities during the weekends.

More time for picnics and outings!

4) On this Father's Day, what are some words of encouragement you would like to tell your son?

Chuan to Nathan:

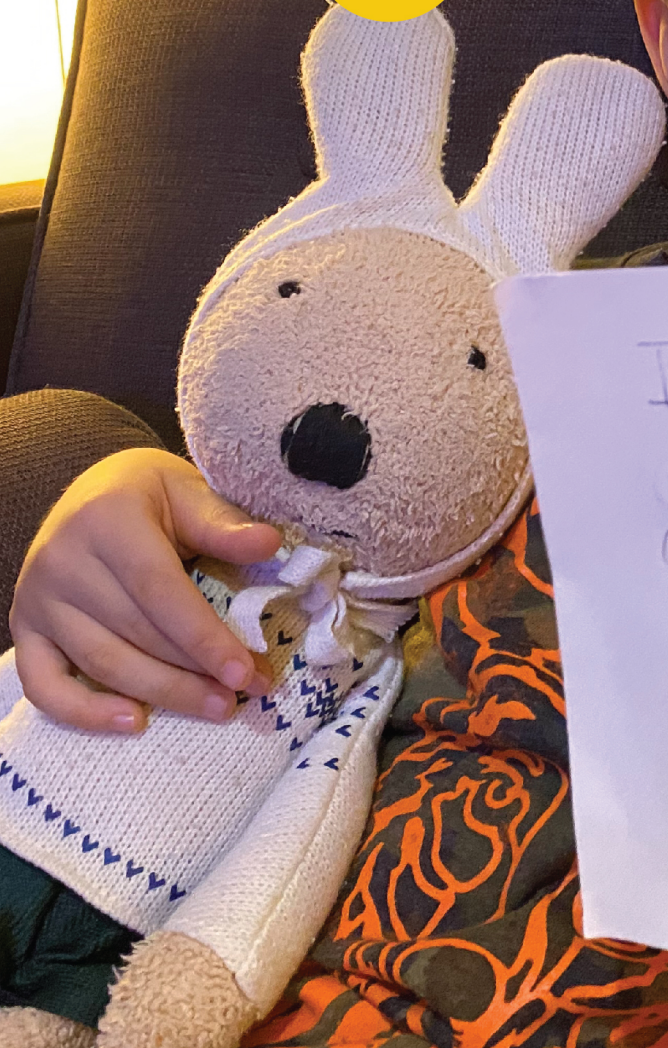

With your cheery (& cheeky) outlook, may you be a happy & positive person when you grow up. May your curiosity lead you to pursue knowledge that in turn will make you into a wise and thoughtful person.

I wish for you to be blessed and happy throughout your life journey. To grow up having an upright character and living a meaningful life.

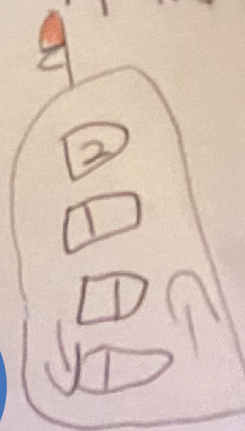

5) Hi Nathan, what would you like to say to your dad on this special Father's Day?

Nathan to Chuan:
Happy Father's Day!
I love you!
我爱你爸爸!

I am staying at home
for the holidays
