

## MOBILE PHOTOGRAPHY (8 SESSIONS X 3 HOURS)

Mobile photography is essential for capturing beautiful moments and promoting products and services on digital marketing and social media platforms. In this course, learners will understand the principles and elements of photography, use the functions and features of the smartphone camera, apply techniques to create and develop their photo story, and develop their intrinsic style of photography. The course will be conducted both indoors and outdoors, and learners will be required to bring along their own mobile device such as a phone or tablet (iOS or Android). This course is ideal for learners who have little or no experience in mobile photography.

### Course Content

- Photostory creation and development
- Different types of camera shots and angles
- Types of equipment and accessories
- Basic photography skills and settings
- Principles and elements of photography

### Learning Outcomes

- 1) Understand the smartphone camera techniques and practices
- 2) Able to create own style of photograph through the functions and features of Smartphone camera
- 3) Apply skills and techniques into creating own unique content and achieve intrinsic style of photography

### Certification:

Learners will be presented with a digital Certificate of Participation upon attaining a minimal 75% attendance rate.

## **Trainer's Profile**

### **JEAN SIM**

Jean Sim holds a Bachelor Degree in Fine Arts (Painting), an Advance Certification in Training and Assessment (ACTA) and a Unmanned Aircraft Pilot Licence (UAPL). She is an experienced designer with a strong industry background in Visual Communication and Digital Design. She has 11 years of experience as an educator and has taught subjects such as User Interface Design (UI), User Experience (UX) and mobile photography at various schools. Jean adopts a learner-centric approach in her teaching and believes that hands-on practice and the continual exploration of new techniques will enable learners to evolve and grow in their creativity and skillset.
