NAFA is proud to organise its inaugural *Scholars Give Back Series* this December 2020. Comprising four webisodes, it will feature music performances by alumni scholars from the NAFA School of Music (SOM). Co-organised by NAFA's Alumni Relations Office and Corporate Communications Office (Marketing and Sponsorship), these performances will be launched on [NAFA's YouTube Channel](#) weekly from 2 December 2020.

The series aims to provide alumni scholars with an online platform to showcase their talents and to pay it forward, helping raise funds for less privileged students at their alma mater. Many of them can empathise for their arts education journeys were only made possible by generous donors. The performances also aim to uplift viewers' spirits during this challenging period.

Your generous donation will be channelled to the NAFA Education Fund, for scholarships and financial awards aimed at recognising academic achievements and helping students cope with education costs. This need has become even more acute due to the COVID-19 pandemic.
